

# PISTOL AND RIFLE FIGHTS MARK STRIKE

## STRIKE SYMPATHIZERS AND POLICE CLASH IN STOCK YARDS DISTRICT

One Man is Shot and Scores Were Injured and Dozens Arrested as Result of Disorders—Chief Fitzmorris Takes Personal Charge of Forces—Confiscate all Firearms

(By The Associated Press)  
CHICAGO, Dec. 8.—Chicago's stock yards district today was the scene of another series of outbreaks, which at times approached the riot stage, as a result of the strike of packing employees which has been in effect in the country's chief packing centers for four days.

One man was shot, scores were injured, police engaged in pistol and rifle fights with strike sympathizers and dozens of men and women were arrested as a result of today's disorders here, which occurred as the workers were leaving the local plants.

In other cities the situation was reported quiet. The outbreaks came within a few hours after Judge Denis Sullivan had issued a temporary injunction restraining the strikers from picketing. Despite this order, several thousand men gathered around the plants just before the of Sangamon county, gave the defense a certified copy of the minutes a few weeks ago.

## OPEN ARGUMENTS IN WEST VIRGINIA NATURAL GAS CASE

Seek to Prevent State from Regulating Distribution

(By The Associated Press)  
WASHINGTON, Dec. 8.—Opening arguments in the supreme court in cases brought by Pennsylvania and Ohio to prevent West Virginia from regulating the distribution of her natural gas by State Commissioner George E. Alter, attorney general of Pennsylvania declared the proceedings involved the health, comfort and prosperity of millions of people in his state as well as property rights.

The state of Pennsylvania, Attorney General Alter said would have the same right to refuse to permit the shipment of anthracite coal as the state of West Virginia to prevent the exportation of her natural gas. He declared it was the purpose of West Virginia to utilize her own industries the surplus gas after caring for her domestic needs.

The Pennsylvania attorney general said that if the West Virginia law which has been enjoined by the supreme court pending the decision of the cases, were permitted to operate every consumer in Pennsylvania now using West Virginia gas would be compelled to look elsewhere for a supply of fuel for heating and other domestic purposes.

Natural gas, Mr. Alter contended, has been determined by the supreme court to be in interstate commerce when under conditions existing in these cases and to be subject only to the control of congress. He insisted that under the construction of the law congress not having regulated the transportation of natural gas, Pennsylvania is entitled to draw from West Virginia the supply she has been using.

IS CHARGED WITH THEFT FROM SCHOOL

FORT MADISON, Ia., Dec. 8.—James Kyle has been arrested by government agents, charged with the theft of property from the United States training school for former service men at Nauvoo, Ill., where he is a student. Kyle is charged, sold army blankets at prices ranging from one to two dollars a pair. He was taken to Quincy, Ill. for a hearing.

FIRE BREAKS OUT IN PACKING PLANT

Kansas City, Mo., Dec. 8.—Fire of undetermined origin, which broke out in the Fowler Packing plant in Kansas City, Kansas, tonight caused damage estimated at several thousands of dollars. The fire started in the shipping department and flames spread rapidly. Two fire alarms were sent in before the fire was placed under control.

## WAR DEPARTMENT RECORDS SHOW 11 LEGALLY EXECUTED

Record is Presented Senate Committee Thursday

(By The Associated Press)  
WASHINGTON, Dec. 8.—Detailed records of the war department relating to the legal execution of 11 members of the American Expeditionary forces were presented today to a senate investigating committee by way of denial of charges that scores of soldiers had been hanged without trial.

Out of consideration for the families of the dead, the names of 11 were omitted from the record.

Read by Colonel Walter E. Bethel, General Pershing's legal advocate general in France, the records showed that those executed by the military authorities included eight negroes, two whites and one Indian.

Senator Watson, Democrat, Georgia, whose presentation of the charges on the floor of the senate led to the investigation appeared before the committee today as soon as it convened. He declared he was prepared to prove the charges and submitted affidavits, newspaper clippings and letters bearing on the subjects.

Colonel Bethel, who was called after Senator Watson had read several affidavits declared with great emphasis that the charges were false.

Senator Watson is expected to present tomorrow as witnesses a list of former service men and others, including a prisoner at Fort Leavenworth who have claimed to have direct knowledge in support of the general charge that there had been wholesale execution of soldiers who had not been given the right of trial by court martial. There was a rather broad intimation that it might be necessary to divulge the names of the soldiers executed, because of the belief in the minds of some investigators that soldiers with stories of "wholesale hangings" might have been confused after seeing or hearing of the hanging of those found guilty by the military court.

Reads Affidavits.  
Senator Watson proceeded today with the reading of affidavits and letters, Chairman Brandegee announced that the affidavits or writer would be summoned and given every protection in the effort to get at the truth.

General Pershing as the supreme commander on foreign soil in time of war, personally approved the court findings in the cases of the 11 men hanged and refused to approve the findings in 11 other cases carrying the death sentence. Altogether 62 men were sentenced to death, but Colonel Bethel declared only 11 were executed.

Most of the crimes were against women and children. One of the white soldiers hanged was convicted of murdering another soldier and the other was found guilty of attacking an 8-year-old Belgian girl. A French professor was murdered while trying to protect an old woman, and the father of a girl was killed by two negroes as he fought against great odds to save her.

BANDITS HOLD UP KENTUCKY DISTILLERY  
(By The Associated Press)  
BYRONE, Ky., Dec. 8.—Whisky valued at more than \$80,000 was removed from the T. B. Ripy distillery near here tonight by a band of twenty armed men, who held up the superintendent and three guards.

Ten barrels and 194 cases of bottled-in-bond whisky were removed by the bandits, who used three touring cars and two trucks to haul the liquor away. Police of all central Kentucky towns have been notified to be on the look out for the party.

SIGMA DELTA CHI MEET AT AMES, IOWA

WASHINGTON, Dec. 8.—Election of J. H. Beal, of Pittsburgh, as chairman of the tax simplification board created by the new revenue act, was announced tonight.

## Fortifications In Pacific Considered

(By The Associated Press)

WASHINGTON, Dec. 8.—While they wait for definite replies on the naval ratio plan and the proposal for a four power agreement in the Pacific, the arms delegates are pushing ahead with other features of their negotiations. Today's developments brought into prominence for the first time the question of a limitation of fortification and naval bases in the Pacific islands and altho the subject was not advanced to the stage of formal exchanges, an agreement was forecast preserving in general the existing status.

Again applying the American four points, to the Chinese problem the nine nations represented in the far eastern committee pledged themselves to make no treaty or agreement in future infringing on China's territorial or administrative integrity or interfering with her right to economic and national development. In the Shantung negotiations the Japanese and Chinese delegations held another consultation on the subject of public properties and afterward both sides renewed their

prediction of a satisfactory settlement.

The four power plan to preserve peace in the Pacific was discussed at a two hour conference between the heads of the American, British, Japanese and French delegations, but it was said afterward that no definite word had yet been received from Tokio or Paris.

The British government is understood to have already accepted the proposal in principle and the American delegates have indicated a willingness to proceed to a discussion of details. Acceptance by Tokio is expected in all quarters.

The press advises indicate that the Japanese want an agreement on the naval ratio and further application of the American "four points" to China before they abrogate the Anglo-Japanese alliance which the four power arrangement is designed to replace. Rene Viviani, head of the French delegation has recommended to his government that it accept a place in the new arrangement. A favorable response is expected soon.

## CONGRESS SUSPENDS BUSINESS BECAUSE OF FLOOD DEATH

Was Recognized as One of the Democratic Leaders

(By The Associated Press)  
WASHINGTON, Dec. 8.—Congressional business was suspended today out of respect to Representative Henry D. Flood, Virginia, chairman of the Democratic congressional committee, whose death, caused by heart trouble, occurred before noon.

The house, immediately after going into session adjourned until tomorrow after adopting resolutions of regret. Later the senate adjourned until Monday out of respect to the dead representative who as chairman of the house foreign affairs committee in 1917 introduced the resolutions declaring that a state of war existed between the United States and the imperial governments of Germany and Austria-Hungary. Mr. Flood had been in ill-health for several weeks. He died at his Washington home.

Serving his eleventh term in congress Mr. Flood represented the Tenth Virginia district. His home was in Appomattox where the burial will be after funeral services here Monday.

Speaker Gillett is expected to announce tomorrow the selection of a committee of 18 representatives to represent the house at the funeral. On the senate committee will be Senators Swanson, Glass, Harrison, Caraway, Heflin, Curtis, McKinley and Willis.

Mr. Flood was recognized as one of the Democratic leaders in the house.

## BILL HART AND BRIDE IN FRISCO

(By The Associated Press)  
SAN FRANCISCO, Cal., Dec. 8.—William S. Hart, motion picture actor and his bride, who was Miss Winifred Westover, a screen actress, arrived in San Francisco today on their honeymoon after having been married in Los Angeles late yesterday. Hart is 48 years old and his bride, the daughter of a San Francisco newspaper man, is 25 years old.

The Rev. Neal Dodd, rector of the "Little Church Around the Corner," in the Hollywood section of Los Angeles, announced he had performed the ceremony at Hart's residence. The bride's mother and Hart's sister and lawyer witnessed the ceremony.

Hart met his bride first about three years ago when she joined his supporting company. Since then she has passed much of the time in Sweden appearing in motion pictures there and in similar work in New York.

REPRESENTATIVE GINDERS RESIGNS  
SPRINGFIELD, Ill., Dec. 8.—State Representative Guy Ginders, of Rockford, today sent Governor Small his resignation from the house of representatives. Mr. Ginders has been appointed district prohibition commissioner at Rockford.

ORDER ARMY DEMOBILIZED  
LONDON, Dec. 8.—The Irish correspondent for the Pall Mall Gazette asserts that the Dail Eireann has given orders for the immediate demobilization of the Irish republican army.

## THOMAS WALSH IS INDICTED ON MURDER CHARGE

Is Business Agent of the Building Trades Council

(By The Associated Press)  
CHICAGO, Dec. 8.—Indictments against Thomas Walsh, business agent of the Chicago Building Trades Council, charging him with the murder of Adolph Georg, Jr., and George Gast, who were shot in the former's saloon here Saturday, were voted by the grand jury late today.

True bills were also voted against Thomas S. Kearney, president of the Building Trades Council, charging perjury; James C. Callan, former secretary to County Judge Frank S. Righeimer and now an employee of the State Highway Division and Earl Stever, stenographer in the office of Commissioner of Public Works Charles Frances, charging them with accessory to murder after the fact.

The indictment against Kearney for perjury was said to have been a result of his testimony that "a wild eyed stranger" and not Walsh, did the shooting. Callan and Stever, according to the testimony of John Skopek, a waiter, told him to "keep his mouth shut" immediately after the shooting.

## TAKES ISSUE WITH DOCTORS ON RADIUM

(By The Associated Press)  
CHICAGO, Dec. 8.—Statements of doctors that radium has failed as a cure for cancer were attacked and termed untrue by Dr. Alben Williams, retiring president of the Radiological Society of America, at the close of its annual meeting here tonight. He criticized statements that radium "cured only certain types of superficial cancer."

"Radiology, which includes treatments by radium is a new science," Dr. Williams said. "It must combat the antagonistic knocks of the aggressive surgeon as well as the misconception of the public. As a society doing work in this special field, we know that by using radium there have been many cases of cure by all kinds of otherwise hopeless cancer."

Speakers at the afternoon session and the evening banquet included, A. P. Johnson, editor of the Grand Rapids, Mich., News; Dr. William Duane, of Harvard; Dr. James W. Maynor of Schenectady, N. Y., and Dr. A. S. Warthin of the University of Michigan.

THOMPSON THREATENS TO ENFORCE PROHIBITION  
Chicago, Dec. 8.—Five thousand policemen will be sent out, if necessary to enforce the prohibition laws in Chicago, Chief of Police Fitzmorris, indicated tonight after Mayor William Hale Thompson had today announced open war on wet bars, bootleggers and moonshiners. The mayor's statement followed a conference with his ward committeemen and he stated he would instruct the chief of police to begin strict enforcement of the prohibition laws.

The action followed an opinion by Corporation Counsel Ettelson that the police department was responsible for the enforcement of the prohibition laws.

## RAILROAD RATES AND WAGES MUST BOTH BE LOWERED

Illinois Central President Tells Peoria Club

(By The Associated Press)  
PEORIA, Ill., Dec. 8.—Railroad rates and wages both must be lowered and the functions of management must be placed in the hands of the roads themselves, Charles H. Markham, president of the Illinois Central railroad declared tonight in an address before the Transportation club.

"The railroads perform a public service and it is proper that their service should be subject to supervision of the public's representatives," said Mr. Markham. "But when the representatives become so numerous, so powerful and so conflicting that they represent a burden upon the public, when their duties are so construed as to usurp the functions of management then it is that the public itself must call a halt."

"Consider that there are ninety-nine public agencies which exercise various degrees of control over the railroads of the United States—the congress, the forty-eight state legislatures, the interstate commerce commission, forty-eight state public service commission and the railroad labor board.

"The functions of management must be returned to the roads. The powers of the public's agencies in supervision of railroad service must be better coordinated. It is inadequate coordination for one agency to control almost the entire income of the railroads thru its power over rates, while another agency controls the greatest single item of operating expense—labor costs—thru its power of railway wages and working conditions."

Railroad workers, were entitled to the "highest pay justified by economic conditions," Mr. Markham said.

## LOYD GEORGE CONFERS WITH FRENCH MINISTER

(By The Associated Press)  
LONDON, Dec. 8.—Prime Minister Lloyd George held a conference tonight at Chequers Court his country estate with Louis Loucheur, French minister of devastated regions, who arrived in London this morning to take up the question of Germany's payment of war indemnities.

During the day Mr. Loucheur conferred with Sir Robert Horne, chancellor of the exchequer, Sir John Bradbury, joint permanent secretary of the treasury and other treasury officials. It was understood he explained the French point of view concerning the recent Loucheur-Rathenau agreement signed at Wiesbaden, under which Germany is to make reparations in kind to French government over a period of years. It was said today that Mr. Loucheur expects to confer with Herr Rathenau, former German minister of reconstruction who also is in London before returning to France.

## CUSTOMS OFFICIALS SEIZE LOTS OF WHISKEY

(By The Associated Press)  
NEW YORK, Dec. 8.—Customs officials today seized 4,000 cases of whisky, valued at \$300,000 from the warehouse of the Alps drug company, which is said to have imported more than \$1,000,000 worth of the liquor from Scotland in the last few months. The Alps drug company, together with the Scotch firm, which is said to have shipped liquor to the American company on consignment, are making legal efforts in Washington to prove the legitimacy of their operations prohibition officials said.

THREE COACHES OF TRAIN DERAILED  
Mitchell, S. D., Dec. 8.—Passengers on an Omaha passenger train from Minneapolis, all escaped injury today when three cars of the train were derailed.

Only one person, the engineer, was injured. He was slightly bruised. A defective rail is said to have been the cause. The engine went into the ditch.

SENATOR NEWBERRY IS INDISPPOSED  
WASHINGTON, Dec. 8.—Senator Newberry, of Michigan, underwent a minor operation on his throat here today, the result of a slight cold. At his office, it was said he was recovering satisfactorily.

## SENSATIONAL CHARGES ARE MADE IN SMALL TRIAL BY ATTORNEYS

State Attempts to Prove Defense Knowingly Submitted an Incorrect Document—The Governor's Attorneys Say Sangamon County Supervisors' Records Have Been Altered

(By The Associated Press)  
WAUKEGAN, Ill., Dec. 8.—Pleas of Governor Len Small and Vernon Curtis, Grant Park banker, that the indictments charging them with misuse of state funds be quashed, closed tonight after a sensational hearing in which the state attempted to prove the defense had knowingly introduced an incorrect document and attorneys for the governor countered with the charge that the records of the board of supervisors of Sangamon county have been altered.

On motion of C. C. LeForgee, counsel for the governor, Judge Claire C. Edwards impounded the minutes of the board for the years 1920-21 after Mr. LeForgee had declared that the record of the meeting of September 14, 1920 had been changed and added to since Charles Biers, clerk closing whistle.

The sensational charge and counter-charge broke when Edward Pree, assistant state's attorney of Sangamon county interrupted the closing argument of Werner Schroeder, of the governor's lawyers had inadvertently been furnished with an incorrect copy of the minutes, which they introduced at the hearing here, and that they had not produced a corrected copy, furnished them when Mr. Biers claimed he discovered the first error.

Mr. Biers identified a printed pamphlet of the minutes of the Sangamon county board's meeting of September 14, 1920 as the certified copy which he furnished the defense and said he later discovered an error and furnished the governor's lawyers a corrected copy. The alleged error was in the closing sentence of the report, which, in the printed copy read: "On the motion of Mr. Becker the board then adjourned until Thursday morning."

Mr. Biers testified he later found the corrected copy should have, after the words "Thursday morning" the phrase, "September 16, 1920." He produced the typewritten loose leaf book in which the minutes were kept and it was introduced in evidence by the state.

The question of the legality of the grand jury which indicted the governor, Mr. Curtis and Lieutenant Governor Fred E. Sterling, the defense claims, rests on the question of whether the county board which selected the grand jury adjourned its September 14, 1920, meeting to "Thursday morning" which technically would be a sine die adjournment, or until the definite date of September 16.

Mr. LeForgee cross-examined Mr. Biers, asked him to examine the book under a strong light and then state whether it was not true that the words "September 16, 1920," were not written in a different colored ink on a higher line and if a period did not appear after the word "morning."

The witness denied all three, and repeated efforts by Mr. LeForgee to get him to change his answer failed. The governor's lawyers then asked that the book be impounded by the court and Mr. Pree for the state, agreed. On his direct examination Mr. Biers had dealt a blow to the defense's claim that the grand jury was illegally selected by three members of the board meeting as a committee on juries. He testified that the committee had been duly appointed by the chairman and his appointment approved by the board.

No Legal Notice Published.

In October, the Baldwin Loco-  
motive works received more or-  
ders than in the boom period of  
the war. There was a tremen-  
dous amount of business that  
was not anticipated at all. The  
manufacturer or merchant who is  
fully prepared to meet the big  
increase in trade that is just be-  
ginning, will be the one to get  
the business.

An observer in Montreal esti-  
mated that American tourists  
brought \$1,000,000 a week into  
Canada this year, and word comes  
from Quebec that \$35,000,000  
was left in that province alone.  
Our neighbors to the north  
ought to have, as they do, the  
friendliest of feelings towards  
the United States.

Stated in every-day language,  
China would like to have re-  
turned to her the territory which  
was taken away by force or trick-  
ery, and most people will agree  
with her.

British spokesmen not only ap-  
proved the American plan for  
reduction of capital ship tonnage  
but went a step farther and pro-  
posed elimination of the subma-  
rine entirely. That is fine, now  
who will take another advance  
step?

**WHY WE PAY**  
About a billion dollars of the  
new budget is for interest on the  
public debt. That figure would  
be cut in half if the European  
nations that owe us money would  
make regular payments of their  
interest.

**TO MAKE ONE  
DOLLAR TWO**  
Podger Babson, business sta-  
tistician, says that, speaking in  
general, the retailer is not to  
blame for high prices. There is  
little profiteering. "It is the sys-

tem that is wrong," the system  
of production and distribution,  
and consumption.  
Consumption is a very big part  
of it. Purchasers seek odd  
goods. Instead of standard com-  
modities. They insist on credit,  
and that costs more. They in-  
sist on deliveries and on the lay-  
ing aside of articles to be paid  
for later, and that costs. All ex-  
penses imposed on the retailer  
have to be added to the selling  
price.

The remedy, he thinks, is to  
bring up a generation under-  
standing these things. We should  
have children "grounded in the  
fundamentals of business." We  
should teach them the cost rela-  
tion between production and dis-  
tribution and consumption. Then  
they will go ahead and straighten  
out wasteful processes. "When  
we do this," he says, "we shall  
get twice as much for our dollar  
as we do today."

It is no easy remedy—no short  
cut to prosperity and low prices.  
But there is no short cut to any-  
thing that is worth while.

**TAX RETURNS SHOULD  
REMAIN INVIOLENT**

"It is well that the conferees  
on the tax revision bill agreed to  
strike out the provision giving  
congress authority to call upon  
the treasury departments for in-  
come tax returns of corporations  
and individuals," says the re-  
publican publicity association,  
through its president, Hon. Jon-  
athan Bourne, Jr. "We have al-  
ready too much governmental in-  
terference with private affairs.  
The treasury department, with  
the co-operation of the depart-  
ment of justice, has ample au-  
thority to see that every man and  
every corporation makes an hon-  
est return of his taxable income.  
The responsibility for the faith-  
ful performance of that duty  
should be left with the depart-  
ment where it is lodged. It is  
quite possible that the treasury  
department will not in all cases  
secure complete returns and col-  
lect all the taxes legally due, but  
there is no likelihood that con-  
stant inquiries from congress  
and demands for inspection of  
the records would result in any  
material increase in collections or  
in expedition of the work. There  
is delay and confusion enough  
already."

**NOT GOING INTO  
LEAGUE**

"By the Back Door," is the title  
of an editorial in the Washington  
Herald which seeks to show that  
the Washington conference pro-  
vides a back door to the league  
of nations that the United States  
ought to enter. The editorial in-  
sists that the armaments confer-

ence can accomplish nothing that  
is not in the nature of unfinished  
business, that does not require  
some sort of an organization to  
back it up and see that the agree-  
ments are actually carried out.  
"Nothing is done until it is done,"  
sagely remarks the Herald. "Na-  
vies are not reduced until ships  
are scrapped. A policy is not  
carried into effect and becomes an  
actual condition." The Herald  
points out that "There is now  
such an organization two years  
old and a going concern," ready  
to see to it that the conclusions  
of the armaments conference are  
realized in fact.

The argument is typical of the  
policies now being pursued by  
other pro-league papers that  
have never lessened their effort  
to entangle the United States in  
the Wilson league by some hook  
or crook. They all overlook cer-  
tain facts that occur at once to  
those whose minds are not obse-  
sed by the league propaganda.  
Whatever the determinations of  
the armaments conference may be  
they will be embodied in treaties  
between the countries involved.  
From time immemorial treaties  
have been observed by countries  
governed by a high sense of hon-  
or. Those few countries to which  
solemn covenants have meant  
nothing have sometimes broken  
their treaties, and as a conse-  
quence, have been ostracized by  
self-respecting nations. But no  
league of nations could have ad-  
ded to the inviolability of the  
honors of the first mentioned  
countries, neither could it have  
compensated for the lack of in-  
ternational decency exhibited by  
the latter.

The treaties growing out of the  
Washington conference will be  
solely an appeal to the national  
honors of the countries concerned.  
If signed agreements call for the  
scrapping of certain ships in cer-  
tain navies they will undoubtedly  
be scrapped; if those agreements  
call for the evacuation by certain  
countries of leased territory and  
spheres of influence in China,  
they will certainly be evacuated;  
and whatever other commitments  
may be included in those agree-  
ments will rigidly be adhered to.  
Otherwise the country failing to  
live up to its undertakings would  
lose its international prestige far  
more than the worth of the thing  
it failed to surrender. Does any-  
body imagine that any sort of  
persuasion or coercion from the  
piffle league of nations would  
add to the certainty that the  
United States, Great Britain, Ja-  
pan, and he other countries at  
Washington will do what they say  
they will?

**MORGAN COUNTY  
TEACHERS' INSTITUTE**

H. H. Schroeder of Normal Deliv-  
ers Main Address—H. A. Per-  
rin Also on Thursday's Pro-  
gram.

The Morgan County Teacher's  
Institute opened yesterday, with  
teachers from all over the county  
in attendance. The principal ad-  
dress of the day was made yester-  
day afternoon by Mr. Schroeder,  
of Normal.

Mr. Schroeder made an intense-  
ly interesting address, contrasting  
military organization with educa-  
tional work. He told of the use  
of the military organizations be-  
ing principally for the protection  
of the values in the country from  
outside forces and menaces. But  
education does a far greater work,  
it protects the country from men-  
aces within.

He then gave numerous statis-  
tics showing the amount of crime  
in this country as compared with  
several others. These showed  
that there is a prevalent attitude  
of disregard for the law in the  
United States, and that the citi-  
zens as a whole do not consider it  
serious to break a law or an or-  
dinance.

He then took another phase of  
the matter, pointing out the  
crimes of money grabbers and  
profiteers against society. He ex-  
plained the sudden increase in  
this direction as one to the com-  
plexities of our social conditions.  
When many of our laws were  
made they were adequate, but  
since that time so many new  
phases of life have been opened  
up, that a social unrest has been  
introduced, which has had the ef-  
fect of rendering the laws less  
adequate.

This problem of social unrest  
will be solved largely by the  
schools, the speaker stated. If it  
were merely a matter of teaching  
right and how to distinguish it  
from wrong, the process would be  
very simple but more than that is  
necessary. Enthusiasm for the  
right must be aroused. The emo-  
tions of the pupil are really the  
controlling factor. The speaker  
compared knowledge with the  
rudder of a ship, guiding it, and  
emotions with the propeller, the  
force that makes things move.  
Both are necessary.

During the morning session  
Mr. Schroeder made an address  
with "Training" as his subject,  
and took for his example the  
training of an athlete. He showed  
that training is an absolute es-  
sential for success in any line.  
Mr. Perrin also made an excel-  
lent address in the morning, treat-  
ing the subject of "Adolescence."  
He spoke of the mental and phys-

**MURRAYVILLE CLASSES  
SEEK TO RAISE FUND**

Freshmen and Sophomores of the  
High School Give Oyster Sup-  
per and Entertainment Thurs-  
day Evening—Large Crowd in  
Attendance.

Murrayville, Dec. 8.—The  
freshmen and sophomore classes  
of the local high school united in  
an effort to raise money for the  
benefit of the Victrola fund Thurs-  
day night, when they gave an oys-  
ter supper, bazaar and entertain-  
ment at the school. The freshmen  
were in charge of the bazaar while  
the supper was given by the soph-  
omores.

Supper was served at 6 o'clock  
and the patronage was most lib-  
eral. Afterward the following  
program was carried out:  
Music—"Pep" orchestra.  
Song—"Girls' chorus."  
One act comedy, "The Law  
Suit"—William Wood, William  
Sullivan, Ivan Rick, Lawrence  
Sooy, Margaret Sullivan, Frances  
Hidden and Helen James.  
Reading—Earl Blakeman.  
Violin Solo—Ralph White.  
Reading—Frances Hidden.  
Trombone and violin duet—  
Roy Carlson and Fred King.  
An interesting feature of the  
evening was the auctioning off of  
a quilt donated by the Ladies' Aid  
of the M. E. church. This dona-  
tion added substantially to the re-  
ceipts of the evening. The plans  
for the evening were in charge of  
Mrs. Lillian B. Gordon, the soph-  
omore advisor and Miss Sylvia  
Clark, the freshman class officer.

was of unknown origin, had  
gained such headway before dis-  
covery that it was impossible to  
save the house. It was a small  
structure, located near the rail-  
road track, and was occupied by  
Mrs. Grimsley and her four chil-

**ELKS BIG MUSICAL  
SHOW PROGRESSING**

Production This Year Will be  
Guilty of an Alleged Plot—  
Specialties Between the Acts.

The Elks big home talent pro-  
duction, "All Aboard," is moving  
along nicely. Dress rehearsal for  
the performance will be held this  
coming Sunday. The show this  
year will not be the usual Follies  
or Jollies, but is a musical com-  
edy built around a set of false  
teeth.

The action of the play takes  
place on the steamship Florida,  
thirty minutes before sailing  
time. The audience is first intro-  
duced to Billy Brady, a young  
college boy, who has had the mis-  
fortune to lose four front teeth  
in a football game. To cover up  
this defect in his beauty he has  
been forced to resort to false  
teeth. Naturally he is very sensi-  
tive about his false teeth, and the  
only person aware that he has any  
besides himself, is his sister,  
Billy's sweetheart, Beatrice. He  
is also aboard the vessel so he of  
course uses every means avail-  
able to keep her from discovering  
his secret.

At the end of the first act Billy  
loses his teeth, and in his desper-  
ation he steals every set he can  
lay his hands on, including those  
belonging to Beatrice's mother,  
the Swedish stewardess, and the  
colored porter. Then follows one  
of the funniest parts of the show,  
when these three persons all try  
to tell the captain at the same  
time about losing their teeth.  
The absence of the teeth produces  
a peculiar effect in their speech.  
The leads are supported by a  
cast of about one hundred and  
thirty-five, and a number of new  
songs and dances are introduced.  
There will be several interludes  
during which specialties will be  
given. Miss Betty Palmer does a  
Russian dance, a male quartet  
sings and Miss Helen Sorrells ren-  
ders a violin solo.

Mrs. W. H. Wright of South  
Main street left yesterday for a  
few days' visit with her daughter,  
Mrs. C. H. Coffman of Spring-  
field.

Funeral of William Estes Held in Winchester—Death of Mrs. Julia Dwyer—Other Winchester News

Winchester, Dec. 8.—The remains of the late William Estes arrived in Winchester on the 11:17 o'clock train Tuesday and were taken to the cemetery, where brief services were held in charge of Rev. Mr. Elmore, of the Christian church, of which the deceased was a member. The pall bearers were members of the Woodmen lodge and were W. C. Cowper, John Leib, George Hogan, John Thompson, Peter Gauges and Julius Oehler.

Mr. Estes, whose death occurred in Tampa, Fla., was born in Winchester in 1847. He was united in marriage to Miss Nellie Buncie, of White Hall, who survives him. Two children, Maude and Herbert, preceded their father in death.

The deceased is survived by one sister, Mrs. Sarah Cain, of Roodhouse, and four half-sisters, Mrs. J. E. Eller of Red Bluff, Cal.; Mrs. Fannie Markille, of Kansas City, and the Misses Minerva and Katherine Estes, of Winchester.

**Death of Mrs. Dwyer**

Mrs. Julia Dwyer, wife of the late John Dwyer, passed away at about 11 o'clock Thursday at her home in the southeast part of town. The deceased had been in poor health for some time but had only been confined to her bed for a week or ten days.

Mrs. Dwyer was born in Ireland and was about seventy-five years of age. She had been a resident of Winchester for many years and was a woman of fine character, devoted to her home and her church.

The husband and daughter of the deceased preceded her in death many years ago. She is survived by one son, Conover Dwyer, who faithfully cared for his mother during the declining years of her life. Mrs. Mandeville, of Jacksonville, had also been assisting in the care of Mrs. Dwyer.

The funeral will be held at 9:30 o'clock Saturday morning from St. Mark's Catholic church.

**News Notes**

A little daughter arrived at the home of Mr. and Mrs. Fred Taylor.

Mr. and Mrs. Harry O'Donnell visited relatives in Springfield Wednesday. Misses Rose and Cecil Hogan accompanied them home for a visit.

Mr. and Mrs. W. L. Bagshaw were visitors in Springfield on Wednesday.

**ACTION OF DE VALERA  
WAS NOT UNEXPECTED**

(By The Associated Press)

LONDON, Dec. 8.—Eamonn DeValera's action in opposing the treaty between Great Britain and Ireland was not entirely unexpected, the conclusion having been drawn because of his silence, that the terms of the settlement did not meet his wishes, or in his opinion the aspirations of that section of Ireland which he represents. Several meetings of the Dail Eireann cabinet were held in Dublin today, and while no official statement was given out, it was early hinted that a division of views had occurred among the Sinn Fein ministers. In his public statement Mr. DeValera made it known that in his opposition to the settlement, he has the support of at least two members of the cabinet, the minister of home affairs and the minister of defense Austin Stack and Charles Burgess.

On the other hand, Arthur Griffith, founder of the Sinn Fein and minister of foreign affairs, Michael Collins, the finance minister Robert C. Barton, minister of economics and George Gavan Duffy and Eamonn J. Dugan have already affixed their signatures to the treaty as plenipotentiaries. The views of other members of the cabinet have not been made public.

**CHARGE COMPANY**

Bridgeport, Conn., Dec. 8.—One of the men rescued from the submarine S-48 which sank Wednesday night in the waters of Long Island Sound near here, charged tonight that some person or persons at the plant of the Lake torpedo boat company blundered in not properly clamping the lid of a manhole and that the submerging of the boat was followed by an influx of water. As a result of something having gone wrong 51 men faced death for 11 hours.

The submarine was to have been delivered at noon yesterday to the government at New London. It was passed upon as mechanically perfect when it left the plant Wednesday morning.

P. B. Brill, general manager of the Lake company says that carelessness by some one at the plant might have caused the accident.

cross-examination that Mr. HERS had not published a legal notice of the meeting of the board, which the defense claims is required by law.

Attorney Schroeder completed his arguments on the motions to quash the indictments today and the hearing was continued until Thursday of next week, when the state will begin its answer. The lawyers assisting State Attorney Mortimer, of Sangamon county, are expected to take about five days for their reply and the defense another two days in rebuttal. Judge Edwards has promised to hand down his decision during the week between Christmas and New Years.

Mr. Schroeder devoted most of the day to an attack on the constitutionality of the so-called state treasurer's law of 1908, which directs the treasurer to loan the public funds within five days after receipt to the banks offering the highest interest rate. It is under this law that much of the indictments are drawn.

He declared the legal legislature had failed to comply with all the constitutional requirements in passing and certifying this law, and that it is therefore void.

An amendment striking out an emergency clause in the act was passed in the senate but the fact was never recorded in the senate journal, he contended.

"Every circumstance," Mr. Schroeder said, "in these journals shows that the act of 1908 is not an act of the general assembly, that it is thoro'ly vicious, that the legislature, the senate in attempting to make this a law failed to obey the provisions of our basic law and it goes without saying if any law is passed and not in compliance with the constitution, the law is void."

Mrs. J. W. Weis is Hostess to Ladies of M. E. Church Wednesday Afternoon — J. P. Wright Painfully Injured—Other Manchester News.

Manchester, Dec. 8.—The Missionary society of the M. E. church met Wednesday afternoon at the home of Mrs. J. W. Weis, with a large attendance of members and guests. Mrs. Mary Rouse was the leader of the afternoon and the topic was "Work Among Mexicans and Immigrants North and Northwest." The devotionals were led by Mrs. Weis. After the program came a social time and the serving of delicious refreshments by the hostess.

D. P. Calhoun of Hettick is visiting his daughter, Mrs. Olin Lee.

Misses Helen Kinison and Louise Dawson, teachers in the local high school, are kept from their duties by illness. Dr. Waters of Winchester was in Manchester Thursday to attend them and Mrs. W. H. Kinison of Winchester has been here for several days on account of her daughter's illness.

Lloyd Rees of Woodson is visiting his cousin, Mrs. James Mellor.

The Ladies Aid of the M. E. church had an all day quilting at the home of Mrs. Amy Whewell Thursday. There were twenty-one ladies present and all spent a very busy day. At noon sandwiches, pie, cookies and coffee were served.

Mrs. Mada Andras spent Thursday with her mother, Mrs. Carey Strang in Murrayville.

Mrs. Henninger of Murrayville will fill the pulpit Sunday morning and evening at the Methodist church. The pastor, Rev. Olin Lee, is in Chesterfield assisting Rev. D. C. Linton in a special evangelistic series.

Among those who went to Jacksonville Wednesday were Mrs. Claude Heaton, Mrs. R. C. Curtis, Miss Eva Gunn, Miss Louise Pearce, Mr. and Mrs. George Cooper, Mrs. Ida Clark.

J. P. Clark, who resides north of town, had a very painful accident Tuesday afternoon. Mr. Clark was endeavoring to crank his car when the crank flew back

and struck him violently on the nose. The injury which resulted is a very painful one but Mr. Clark is getting along as well as could be expected.

Mrs. Ethel Rousey was a Jacksonville shopper Thursday. The teachers who are attending the institute in Winchester, are Misses Hazel Greenwall, Mary and Ada Cummings, Susie Windsor and Nellie Smith.

Clinton McConnell and Roy Rousey met with an accident recently which might have had serious consequences. They were traveling in a buggy south of town when their vehicle was

struck by a car driven by Dr. Edwards. The occupants of the buggy were thrown to the ground but were not seriously injured. The accident seemed unavoidable and all concerned congratulate themselves that the consequences were no more serious.

Salem—(By A. P.)—Establishment of a central packing shed for fruit growers of Marion county is advocated by leading growers of the county.

Mrs. E. Bowman of Alton was a Jacksonville visitor yesterday.

In New York City, at Broadway and 42nd street, 113,780 people pass in a single day. In ten hours, 18,800 motor vehicles travel the same route.

It is an impressive picture of vast numbers of people, each one with a different destination, moving FORWARD as ONE UNIT.

All progress business moves similarly. In 1902, the J. C. Penney Company established its first store in Kemmerer, Wyoming, on the same principle of moving forward to success; not one man and one store, but many men and many stores as ONE UNIT.

This multiple process of FORWARD MOVEMENT is the impetus that has made it the largest chain department store organization in the world.

This wonderful growth has not been achieved by fighting competition any more than the 113,780 people easily and quickly pass a single point without each separate individual trying to trample down the man, woman or child just ahead of him.

To serve customers well, to trade fairly, to give every man an equal chance is pleasant courtesy as well as good business ethics. It makes competition the business man's best friend and rears a business policy that is a firm foundation for progress.

GRIFITH BELIEVES  
TREATY WILL STAND

Dublin, Dec. 8.—Arthur Griffith, head of the Irish delegation which negotiated the settlement at London, issued the following statement tonight:

"I have signed the treaty between Ireland and Great Britain. I believe this treaty will lay the foundation of peace and friendship between the two nations. What I have signed I shall stand by, in the belief that the end of the conflict of centuries is at hand."

OBLIGATIONS IN  
THE UNITED STATES  
WILL BE ASSUMED

Official of Irish Free State  
Makes This State-  
ment

WASHINGTON, Dec. 8.—The new Irish Free State will assume the obligations in this country of the Irish Republic amounting to \$6,000,000, Stephen M. O'Mara, mayor of Limerick and fiscal agent of the Irish government said tonight.

Mr. O'Mara said the certificates of the republic sold in this country were regarded as a moral obligation of the Irish people and probably would be converted into bonds bearing interest at five per cent to correspond to the rates on the certificates. There had been, he said, two issues of certificates placed in the United States, one amounting to \$5,300,000 and the second which was floated only to the extent of \$385,000 in Illinois and \$30,000 in the District of Columbia.

Mr. O'Mara expressed the belief that the bonds would be of short maturity in view of the smallness of the sums raised in this country as compared to the annual revenue of Ireland which he estimated at \$250,000,000 a year. The certificates of the republic were dated "for six months after the evacuation of British troops from Ireland."

KENTUCKY GUEST LEAVES

RECOMMENDS THE  
ABANDONMENT OF  
CHEMICAL WARFARE

Army Officials Views Dif-  
fer on the Sub-  
ject

(By The Associated Press)  
WASHINGTON, Dec. 8.—Com-  
plete abandonment of all forms of  
chemical warfare is understood to  
have been recommended to the  
American arms conference by its  
official advisory committee.

The advisory committee report  
was drawn by General Pershing  
and there is some intimation that  
it does not reflect views of all other  
high army officials.

In general, army officers are  
inclined to believe that poison gas  
or any other form of chemical war-  
fare should be treated as any other  
military weapon should be treated.

American army policy under  
President Wilson prescribed gas  
warfare after the armistice was  
signed.

It was formally stated that the  
American army would not develop  
gas for offensive use but would  
confine itself to a thorough study of  
chemical warfare in preparation  
for adequate defense against any  
enemy who might resort to its  
use. The general theory of this  
policy, it has been understood, was  
that it was impossible to confine  
gas attacks to purely military  
zones of operation, that the fumes  
were driven by the wind from the  
battle front over great distances  
at times and found civilian vic-  
tims in towns far back from the  
fighting line. The army itself  
can be protected with masks and  
other devices, but civil popula-  
tion have and will have neither  
the protective equipment or the  
necessary training in its use, of-  
ficers have felt.

In his annual report, published  
today, Secretary Weeks does not  
say definitely what the present  
army policy as to gas warfare is.

CHARGD INDIAN  
OFFICER WITH  
TAKING BRIBES

Former Superintendent is  
Under Indict-  
ment

(By The Associated Press)

OKLAHOMA CITY, Okla., Dec.  
8.—A maze of alleged manipula-  
tions whereby a government In-  
dian officer is charged with hav-  
ing received bribes for using his  
authority in influencing purchase  
of merchandise by the Indian  
wards under his supervision and  
influencing action in the sale of  
Indian allotment lands, was re-  
peated here today with announce-  
ment by B. L. Tinsinger, assistant  
United States district attorney of  
the indictments of Charles T.  
Coggeshall former superintendent  
and special disbursing officer at  
the cantonment Indian school  
and agency in Blaine county.

The indictment was returned  
December 6, at Guthrie by the  
federal grand jury.

Coggeshall pleaded not guilty  
before Judge John H. Cottrell at  
Guthrie, but announced that upon  
his return from a visit with his  
family at Reno, Nev., he would  
withdraw the plea and enter one  
of guilty. He was released on \$5-  
000 bond and the case set for the  
January term of federal court.

Investigation of Coggeshall's  
office was instigated by Com-  
missioner of Indian Affairs Burke  
it was learned. The indictment,  
which contained five counts al-  
leged violation of section 113 of  
the penal code and acceptance of  
bribes in violation of section 117  
of the code. Coggeshall according  
to Tinsinger netted between \$15-  
000 and \$40,000 as a result of al-  
leged transactions.

AMERICANS ADOPT  
ARMENIAN ORPHANS

ALEXANDROPOL, Armenian  
Soviet Republic—(By The A. P.)  
—Two Americans have become  
fathers by adoption of 17,000  
homeless Armenian orphans in  
this far-off city. Milton D. Brown,  
of Malden, Mass., and William  
Martin, of New York City, have  
adopted the waifs on behalf of  
the American Near East Relief  
committee. The young men, who  
have been carrying on relief work  
in Armenia for many months,  
plan to take some of the children  
to America and to have them ed-  
ucated in American schools.

In a report to his organization  
at Constantinople, Brown declares  
that Armenia faces the worst win-  
ter in its history. He says famine  
prevails everywhere and that  
there is a serious shortage of  
wood and fuel. He declares that  
up to now the Bolsheviks have  
taken good care of the Armenians  
but that their resources are run-  
ning low and the Armenians must  
turn to others for aid.

Brown says that peace and or-  
der prevail throughout Armenia  
and that the soviet government  
undoubtedly saved the country.  
It is protecting the Armenian  
population from the aggressions  
of their ancient masters, the  
Turks, and the people are allowed  
to pursue their chosen callings  
unmolested. Unharrassed by war  
the people appear to be more  
content than at any time in re-  
cent history. For more than a  
year now the population has been  
spared massacres at the hands of  
the Turks, and the country ap-  
pears to have entered upon a new  
era of peace and quiet.

WILL TEST VOLIVA'S  
POWER IN COURTS

Are Going to See If He Can Pro-  
hibit Building of Rival Church  
In Zion City.

SPRINGFIELD, Ill., Dec. 8.—  
(By The Associated Press.)—Wil-  
ber Glenn Volvia's right as over-  
seer of Zion City to block the  
construction of a rival church in  
the religious community founded  
by the late Alexander Dowie will  
be determined by the Illinois su-  
preme court this month, it is ex-  
pected.

Forced to abandon work on its  
new edifice by W. Hurd Clenden-  
den, mayor of Zion, the Grace  
Missions church has appealed to  
the supreme court for an in-  
junction against interference  
with completion of the building.

In their plea to the state's  
highest court the Grace church of-  
ficials declared that Overseer  
Volvia thru domination and con-  
trol of the Zion local government,  
head a conspiracy to prevent the  
growth of a church fostered by  
persons who will not bow to his  
will.

Construction of Grace church  
began ten years ago but was  
abandoned because of a lack of  
funds. The foundation only was  
built and on this the flock erected  
a temporary cover under which  
they held services. Last May the  
trustees started to complete the  
job but their workmen were ar-  
rested.

The church officials then went  
into the Lake county circuit court  
seeking injunction but were re-  
fused by Judge Claire C. Ed-  
wards.

With their unfinished structure  
open to the elements, Grace of-  
ficials quoted Volvia in the their  
argument as saying that he would  
drive non-members of his church  
from Zion, adding that the over-  
seer announced from his pulpit  
that he had stopped the construc-  
tion of the rival church and  
"would keep it stopped."

According to one beauty expert  
the finest complexions in the world  
are nearly always found on red-  
haired girls.

NEW DEVELOPMENTS  
ARE LOOKED FOR

(By The Associated Press)

KANSAS CITY, Mo., Dec. 8.—  
With a parade of all striking  
packing house employees sched-  
uled for tomorrow indications  
tonight were that the next 24-hours  
might bring new developments in  
the packing house strike in Kan-  
sas City, Kansas.

W. E. Freeman, president of  
the Kansas State Federation of  
Labor, has been in Kansas City,  
Kans., all day. He made two  
speeches to mass meetings this af-  
ternoon urging the strikers to  
keep a solid front.

Harry B. Burton, labor mayor  
of Kansas City, Kans., said it had  
been reported today that some la-  
bor leaders were urging the strik-  
ers to disregard the Kansas Anti-  
Picketing law. The mayor said of-  
ficials were prepared to enforce  
that law.

The strikers announced that  
their object in parading was to  
demonstrate the truth of their  
declaration that more than 7,000  
men and women have quit work  
at the five big packing houses.  
Conflicting claims as to the num-  
ber of persons out were issued  
again today by the company of-  
ficials and strike leaders.

## WOODSON WOMAN'S CLUB GIVES SUPPER

Successful Event Took Place in Christian Church Basement Thursday Evening—Proceeds to be Used for Furnishing Room at Tuberculosis Sanatorium.

Woodson, Dec. 8.—The supper given by the Woodson Woman's club Thursday evening was a success in every particular. The supper was served in the basement of the Christian church, which was prettily decorated for the occasion, Christmas bells and other holiday decorations being used profusely.

The Woodson band gave a fine musical program in the auditorium of the church while supper was being served. The sum realized from the supper is to be used by the club in furnishing a room at the new Morgan county tuberculosis sanatorium, and it is believed that a very satisfactory amount will be realized after all expenses are met.

The general committee in charge of the supper included Mrs. Jack Steinmetz, Mrs. William Colton and Mrs. C. C. Self. The decorations were in charge of a committee made up of Mrs. A. E. Powell, Mrs. S. J. Baxter, Mrs. Earl Hembrugh, while the work of solicitation was in charge of Mrs. Luella Henry and Mrs. Louise Henry.

The committee which had the selling of tickets in charge included Mrs. Virginia Russell, William Russell and I. H. Fuller.

Those in charge of various food articles were as follows: Chicken pie—Mrs. Leonard Watson, Mrs. George Winters and Mrs. Edward Gallagher.  
Potatoes—Mrs. John Hoagland, Mrs. Earl White and Mrs. Edgar Craig.

Gravy—Mrs. Luella Henry, Mrs. Dallas Crain and Mrs. Reuben Meegnon.  
Coffee—Mrs. William Colton, Mrs. William Craig.

Fisher, Miss Corinne Shirley, Miss Ruth Shirley, Miss Myrtle Shelton, Mrs. Paul Barrows, Mrs. Earl Hembrugh, Mrs. H. E. Smith, Mrs. Nettie Ezard, Miss Aileen Watson, Mrs. Hazel Osborne, Mrs. Ver-trees Blumling.

Miss Anna Colwell, of Alexander, was a visitor in the city, Thursday.

Vern Rexroat and Harold Gaines made a business trip to Riddle Hill Thursday afternoon.

C. W. Story of Mt. Sterling was a business visitor to Jacksonville Thursday.

## TARIFF WOULD WORK INJURY TO TEXTILE TRADE

Former Senator Lippitt Appears Before Committee

(By The Associated Press)  
WASHINGTON, Dec. 8.—Serious injury to the cotton textile industry in New England would result from enactment of the cotton goods schedules in the Fordney tariff bill, Former Senator Henry F. Lippitt, of Providence, R. I., declared today before the senate finance committee.

He described the schedules as approved by the house as the most revolutionary put forward under a protective policy since the signing of the first tariff bill in 1884.

Both Mr. Lippitt, who spoke for the New England manufacturers, and Arthur H. Lowe, of Fitchburg, Mass., who spoke for the association of cotton goods manufacturers, north and south, declared that the schedules failed to take care of the fine, fancy figure women goods turned out in the New England mills at a much higher cost than the ordinary cotton goods. Those fines built up largely during the war, face extinction, it was contended, by reason of the old and firmly established industry in Europe.

Mr. Lippitt urged a forty per cent protection for these goods as against the present average of twenty-two per cent.

Opposition of any embargo on dyes, Mr. Lippitt and Mrs. Lowe said they believed the dye industry should be protected, but at the same time, provisions should be made in the tariff bill to cover the dyes in imported goods since they said, the foreign manufacturers obtain their dyes at a lower price than do the American manufacturers.

Majority members of the committee evinced a favorable attitude on this proposal but regarded the working out of a plan as difficult.

Referring to what he described as reported opposition by the agricultural bloc to high protection for eastern industries, Mr. Lippitt told the committee that the textile industry was a basic one and that as it prospered, so would the rest of the country prosper. If imported goods were kept out, he said the money that otherwise would go abroad would remain at home to the benefit of the American farmers and manufacturers generally.

## DOKAYS ENTERTAIN IMPERIAL PRINCE

Gas Meese, of Spokane, Guest of Local Temple — Exemplify Work

Gas Meese, imperial prince of the D. O. K. K. was the guest of the local temple, Thursday evening. There was a large number of members at Castle hall to meet the officer and the work was exemplified, Chester C. Conlee being the candidate.

Mr. Meese was introduced by Hugh Green, royal vizier, and made a splendid talk on the order and on Pythianism as well. He extended an invitation to the members to stop in Spokane en route to the Imperial Palace meeting at Portland, Oregon next year.

During his stay in the city, Mr. Meese, who is accompanied by Mrs. Meese, were entertained by Mr. and Mrs. L. O. Vaught. Following the exemplification of the work refreshments were served. The committee on arrangements consisted of L. O. Vaught, J. E. Scott and Carl E. Robinson.

## TELLS HOW THEY GET THE NEWS

WASHINGTON, Dec. 8.—How important developments in the news conferences come to be publicized in foreign capitals before they are generally known in Washington was explained today by a delegation publicity liaison official.

"You see the delegates being sometimes uncertain which way to turn, refer some matters back to their own governments and decide to say nothing about them in the meantime."

"A foreign capital an official goes out to luncheon with a beautiful lady, and in order to be interesting remarks that the Washington conference really is making progress and he understands it has so and so under consideration."

"The lady exclaims, 'what an extraordinary man you are! Tell me some more.'"

"Then being in fact much more fond of a newspaperman she goes out with him to dinner, and says casually, 'I had luncheon today with Old Haddock and he told me so and so.'"

"The next morning there are leading articles in the papers. It is all very simple."

## FIRST DEFICIENCY BILL IS PASSED

Washington, Dec. 8.—The first deficiency bill carrying slightly more than \$106,000,000 or approximately \$3,000,000 more than the measure passed by the house was reported today to the senate. The principal increases over the house bill are \$1,500,000 to repair and replace the government cable to Alaska and \$400,000 more for the payment to farmers to meet losses resulting from livestock slaughtered under government orders because of tuberculosis.

Mr. and Mrs. Joe Lowry, of Jacksonville, were in the city Thursday.

## DEFENSE COMPLETES CASE IN KLEIN TRIAL

(By The Associated Press)

WHEATON, Ill., Dec. 8.—The defense today completed its case and State's Attorney C. W. Reed made the opening argument for the state in the trial of Jacob Klein, deputy sheriff, charged with the slaying of Leo Neumann, a motorist, several weeks ago. The state, in rebuttal, during the day, introduced witnesses to refute the contention of the defense that Neumann had been drinking when he was shot.

State's Attorney Reed, in his argument, did not ask specifically for the death penalty, stating that he would leave the penalty to the jury. The case will probably be completed and go to the jury tomorrow afternoon or evening.

Neuman was shot by Klein after Klein is said to have ordered him to stop. Klein claimed Neuman was speeding.

## CHUNK OF WOOD HITS EX-KAISER IN HEAD

LONDON, Dec. 8.—The former German emperor's head is now swathed in bandages and he has been obliged to abandon wood cutting for the present at his home at Dorn, according to a despatch to the Daily Mail. Unable to use his motor saw because of the recent hard frost, William was hastening to overtake many wood orders that had accumulated, when a chunk of wood flew up and struck him in the head, making a deep wound, which bled freely.

SPRINGFIELD, Ill., Dec. 8.—Boldness of President Harding in calling the world conference on disarmament was characterized as "a stroke of policy, the like of which has never been known before," Rear-Admiral William S. Sims said in an address here tonight.

Without such an initiative, the admiral said, disarmament could never have been secured.

WRECK ON WABASH  
DELAYED TRAFFIC

Six Cars Leave Rails West of Arnold Thursday Morning—Trains Are Detoured Through Murrayville

Six cars of a west bound Wabash freight train left the rails two miles west of Arnold about 8:30 Thursday morning. The track was torn up for a considerable distance and traffic was delayed, all trains being compelled to detour over the Chicago & Alton via Murrayville during the day.

The train was in charge of Conductor C. O. Clarke. The wrecker from Decatur was brought down to the wreck and cleared away the debris. L. V.

Carnes, trainmaster, and Nelson Locke, came down with the wrecker to superintend the work. The cause of the wreck is not known.

NEW HARD ROAD  
OPENED THURSDAY

R. Y. Rowe, President of Chamber of Commerce Made Address—Many Automobiles in Parade—Illinois College Band Furnished Excellent Music

The official opening of the hard road from here to Arnold was one of the big events of the season yesterday. One hundred and twenty-three cars by actual count participated in the procession that formed at the northwest corner of the square at 1:30 o'clock.

After several selections by the Illinois college band, the procession moved out South Main street to Morton avenue and then on, to where the old hard road joins the new. Here a wide white ribbon was stretched across the road. President R. Y. Rowe, of the Chamber of Commerce, led the procession. His car drew up abreast of the ribbon, while the rest of the machines formed a line two abreast for half a mile back down the road.

President Rowe then made a few appropriate remarks on the importance and significance of the occasion, and stated that with such remarkable co-operation as has been in evidence in the past, a few years will see beautiful white roads extending from the city in all directions. Mr. Rowe then untied the ribbon, and while the thirty-piece band from Illinois college played a triumphant march, the cars swept on in a long line, and the sun broke through the leaden clouds, officially opening the new road with even Nature's approval.

Travel to Arnold  
The whole line then sped to Arnold, where the band disembarked from a big truck, furnished by the Eli Bridge company, and gave several other selections. On the return trip the motorists joyfully inspected the quality and smoothness of the road by "stepping on it." With flags flying in clouds of dust and cutouts wide open, the 123 cars roared back to Jacksonville.

All along the way the motorists had ample proof of much to be thankful for. Where the ground has been freshly graded deep mud holes and cuts were in evidence. Ditches full of water suddenly watched the procession speed by unhampered. And best of all was the spirit of those who participated in the parade. There was no let down of enthusiasm now that this project has been successfully completed. On the other hand there were constant avowals that another year would see the stretch between the hard road and the Morton avenue pavement completed, and other undertakings begun.

Everyone agreed that Contractor Loneragan is to be congratulated for the efficient and speedy manner in which he produced such good results.

Also too much praise cannot be given the college band for its part in the affair. The boys valiantly braved the elements and produced real music that fitted the occasion. The band was the final touch needed to make the opening of the road an unqualified success that it was.

Funerals

Charles S. Wheeler, of Carlinville, Ill., died Wednesday afternoon at a local hospital. Mr. Wheeler was seventy-one years old. Miss Grace Wheeler, a nurse in this city, accompanied the remains to Carlinville, Wednesday night.

Kennedy  
James Washington Kennedy, of Sedalia, Ill., formerly of Murrayville, died recently at his home. He was born in November, 1841, one mile east of Murrayville, where he lived until he enlisted in the Civil war, in Company K, Illinois Infantry. Soon after his marriage to Miss Emily Strang in Murrayville in 1867, he moved to Sedalia. He is survived by his daughter, Mrs. Mattie Zell of that city, and two grandsons, Frank Zell, of Carlinville, and Kennedy Johnston, a Columbia university student.

Funeral services were held from the First Methodist church in Sedalia, in charge of Rev. R. N. Wright, of Kansas City.

Funerals  
Duffy  
Funeral services were held for Mrs. F. J. Duffy at 8 o'clock Thursday morning from the Church of Our Savior. Rev. Father Cahill officiated. Interment was in Calvary cemetery.

J. J. Kelley, Alvis Rexroat, Peter Leonard, Patrick Wolfe, John Tracey and John McGinnis were pall-bearers. Misses Rexroat and Tracey cared for the flowers.

Patrick  
A large number of friends and relatives attended the funeral services at 2:30 o'clock Thursday afternoon for A. J. Patrick, whose sudden death occurred on Tuesday. Many people could not gain admittance because of the packed in the home.

Funeral services, assisted by Rev. T. H. Tull, officiated. Music was furnished by Miss Cora Graham, Mrs. Mae Leff, Charles Rowe and T. H. Rapp. The flowers were in charge of Mrs. Paul Green, Mrs. Bess Nunes and Mrs. Myrtle W. Tandy.

CHILD SERIOUSLY ILL  
Mrs. Virginia Russell of Woodson has been advised of the serious illness of her little grandson, George White at the home of his parents, Rev. and Mrs. George White at Boyne City, Mich. The child is suffering from an attack of bronchial pneumonia and has been ill for the past two weeks.

The medical clinics at Passavant hospital Thursday morning and at State hospital yesterday afternoon had a large attendance of physicians from here and from nearby towns. Luncheon was served at noon at Passavant.

Drs. Knox, Garrison and Billings of White Hall, Dr. Jones of Woodson, Dr. Henderson of Franklin, Dr. O'Reilly of Winchester and Dr. Swope of Arenzville were among the visitors.

Miss Ellen Moede, the Waverly Red Cross nurse, was in Jacksonville yesterday to attend the Medical association clinic.

P. J. PATRICK J. HALEY  
Syracuse, N. Y.

"I'm feeling like a new man since Tanlac soothed and toned up my stomach and for the first time in forty years can eat a hearty meal and suffer no distress afterwards," was the remarkable statement of Patrick J. Haley, 107 Prospect avenue, Syracuse, N. Y., a well-known iron and steel worker.

"Only those who have had stomach trouble in a bad form can know what I suffered during all those years. I was almost a nervous wreck, too, and for years I didn't know what it was to get a good, sound sleep at night."

"I got new life and energy from each dose of Tanlac and now I'm a well and happy man instead of a sick and miserable one as I was for so many years. I'll vouch for the merit of Tanlac at any time."

## DR. FRANK CRANE GIVES SOUND ADVICE

The following sound advice appeared in the Association of Commerce News Bulletin of New Orleans, La., written by Dr. Frank Crane:

Work for your own town. Beautify it. Improve it. Make it attractive.

The World War and the Treaty of Peace and the Protective tariff and all such things are important subjects; but what's the good of cleaning up the world unless you sweep your own doorstep?

The city whose main street is dirty, sordid-looking, cluttered, uninviting, suffers much. Such a city wants to be cleaned, recreated, made a thing of beauty, so that people will come for miles to see it.

The best advertisement of your business is the town you live in. Towns get reputations, as well as men. Make your town talked of all over the state. It will thus draw people. And where the people come, there is prosperity.

Rid your town of one eyesore after another. Clean up the vacant lots and plant them in gardens. Make a cluttered yard a disgrace. Make public opinion too hot for those who will not help.

**NEW LIGHT ON BATTERIES**

"Since all batteries look so much alike on the outside, how am I going to tell which one has the most value inside?"

That is a practical every-day question—and it has a simple every-day answer.

What greater assurance could you possibly have than the following combination of facts:

1—Extraordinary quality in the battery itself, as shown by the choice of the Willard Threaded Rubber Battery as standard equipment by the manufacturers of 173 makes of cars and trucks.

2—A nation-wide organization to serve you; and—

3—A record for quality and service dating back nearly to the beginning of the automobile.

You don't need a formal invitation. Come in any old time and get some new light on this battery question.

**Does More For Less**

THAT the Ford One-ton truck does more for the farmer or the merchant is proved by the great number of them now in daily use,—that it does this at less cost is shown by the actual figures—a smaller first cost and a much lower expense for operation and upkeep.

The Ford One-ton Truck has proved a great money saver, as well as a labor saver. It has solved the problems of economic transportation between the farm and the city.

The Ford One-ton truck has all the merits of the Ford car, with added strength for greater capacity. The worm drive of aluminum bronze gives unusual and positive power at a very low cost.

Come in and let us show you how the Ford One-ton Truck will help you and save you money in your work.

**IMPORTANT**

We are prepared to furnish the Ford Truck equipped either with Standard or Special Gearing. The Standard Gearing gives the truck a maximum of power. The Special Gearing increases the speed of the truck from five to seven miles an hour, converting it into a Fast Delivery Car.

FRANK FLYNN HAS  
AUTOMOBILE FIRE

The Studebaker car of Frank Flynn, of Woodson, caught fire from backfiring of the engine, in front of Myers Bros. establishment, on the public square, about 6 o'clock Thursday evening. The blaze had attained considerable headway, when Mr. Flynn discovered it. Carl Litter, a driver for Cherry's garage, was

passing at this time and used a Pyrene extinguisher on the blaze, all Cherry cars being equipped with them.

Henry Frisch, of Myers Bros., also turned in an alarm to the fire department and the firemen soon arrived on the scene and used the chemical on the blaze. After the excitement was all over, Mr. Flynn got in his car and drove away.

RUSSIAN ORPHANS  
SEE FOOTBALL GAME

Forget Their Troubles in Excitement Over the Play—Are En Route to Homes in Buenos Aires

PARIS—(By the A. P.)—One hundred Russian orphans, 75 boys and 25 girls between the ages of 8 and 12, arrived in Paris a few days ago en route for Buenos Aires, which will be their future home, they having been adopted by Argentine families.

Recruited along the frontiers of Ukraine and Galicia, one of the worst war-torn, devastated countries in Europe, the youngsters have seen four offensives and counter-offensives roll over their country, revolutions and counter-revolutions, murder, pillage, arson and death.

In their short span of life they have looked upon more horrors than many who have lived to a ripe old age and their eyes are said, their voices subdued and even when partaking of the hearty meal placed before them at one of the Paris orphan asylums, they spoke in hushed tones and glanced nervously about.

Silently they filed into the asylum yard after their first meal in Paris, gathered about in little groups, listless and dull.

Then one of the attendants threw a football into the yard. None of them had ever seen a football before and they shied at the bouncing leather until one of the hardest souls among the boys gave it a kick.

Ten minutes later shouts and shrieks of joy, resounding whacks of boot meeting the leather of the football, could be heard emanating from the once silent yard.

The horrors of the past six years were momentarily forgotten.

## BOY SCOUTS WILL MEET

Troop 5, Boy Scouts, will meet tonight at Centenary church for a very important business meeting. The troop will arrange plans for the work of next year and complete the roll of members to be registered at headquarters. Every member must be present in order to get his name on the roll or must send in his name if he is unable to be present.

Following the business meeting, there will be an in-door camp fire. The scouts will cook a lunch and serve it camp fashion in the basement of the church. Every scout who has a mess kit will bring it and those who have not, will be provided with eating tools. Some games, stunts and stories will enliven the time after supper.

Judge E. S. Smith, A. R. Riley, H. M. Andre, A. M. Masters and Dr. Harker were the guests.

TEAMSTERS BLOCK  
BOSTON TRAFFIC

Watch Smartly Dressed Women Cause Congestion of Vehicular Traffic — One Truck Gardener Said "He Just Wants to Look Them Over"

BOSTON—(By the A. P.)—Vehicular traffic congestion in fashionable shopping thoroughfares is more a matter of curiosity than of business, the police traffic squad has reported to the street commissioner. Teamsters and chauffeurs use these thoroughfares not so much because they need to be there as to see the passing show, the report says.

The conclusion that some drivers make long detours in order to join the stream of vehicles that flows past the shops, with their currents of smartly-dressed women moving in and out or pausing to gaze at show windows, was based by the traffic squad on percentages. Questioning of 1,225 drivers during several periods in the course of a day recently developed that only 23 per cent of those canvassed had any real reason for being on Tremont street. Of the 77 per cent that could save time by using less congested streets, some were on a direct route, but many were found to have gone out of their way to be in on the fashion show.

Drivers of horse-drawn vehicles were found to be most numerous out of place, and their numbers included types as different as a city dumpcart and a victrola. One truck gardener, driving his own team, told the police he was found from Faneuil hall to Medford. The corner of Boylston and Tremont streets where he was questioned is a mile or more south of any possible direct line between those points. "I just wanted to look them over," he explained.

The traffic squad and the street commissioner are now trying to figure out a way of separating the traffic sheep on business bent from the goats.

## INCREASE IN CIGAR SALES

## REPORTED IN LONDON

LONDON—(By the A. P.)—After being driven from popularity by war time economy and high taxation, cigars are once more coming into their own.

Since the chancellor of the exchequer withdrew the 50 per cent ad valorem duty on Havana cigars five months ago, the number released from bond has exceeded by 10,643,000 that for the same period last year, says H. Norman Bubb, secretary of the National Union of Retail Tobacconists.

The exchequer has gained 49,845 pounds in revenue from the smaller duty, and tobaccoconists say all signs point to a further increase in the cigar consumption.

## PLAINTIFF WINS IN ASSUMPSIT SUIT

Jury Fixes Damages at \$172.89 in Suit of Jacob Strawn vs. C. N. Priest—Other Docket Entries Made Thursday.

In the circuit court Thursday the suit of Jacob Strawn against C. N. Priest was resumed when court convened in the morning. The taking of evidence in this case began Wednesday and was concluded Thursday morning and the arguments of attorneys made. After several hours' deliberation the jury returned a verdict in favor of the plaintiff, affixing damages in the sum of \$172.89.

This suit involved a bill for repair work on an automobile which the plaintiff considered excessive. W. N. Hargrove was attorney for the plaintiff, while Worthington, Reeve & Green represented the defendant. The jurors in the case were Charles A. Hall, C. C. Carter, Porter Bostic, Louis Gause, Thomas Majors, William Jackson, C. O. Swift, D. B. Megginson, E. H. Hardy, Homer Spies, Harvey Story and Thomas Cockin.

A number of docket entries were made during the day as follows:

Vernon Baker vs. H. C. Moorman, doing business as National Livestock Remedy Co., trespass on the case; motion to strike with leave etc. allowed.

Grain & Supply Co. of Neelyville vs. James E. Bennett & Co., assumpsit; by agreement of National Livestock Remedy Co., trespass on the case; motion to strike with leave etc. allowed.

Charles O. Bayless vs. William H. Long, et al., bill to quiet title; guardian ad litem fee fixed at \$10.

Charles E. Rexroat vs. Catherine L. Barrett, bill to quiet title; guardian ad litem fee fixed at \$10. Ada Jane Stice vs. Burly Stice, divorce; leave to defendant to amend answer; amended answer filed; issue out of chancery made by motion by complainant for continuance; motion for continuance denied; cause called for trial, jury selected and sworn, and taking of testimony begun.

## HALL BROS., Established in 1864 Jacksonville, Franklin, Chapin

**IDEAL Hog Waterer**  
Saves 25% on Feed For Hogs  
Takes the chill off the water the hogs drink. Enables them to put on the same flesh with one-fourth less feed. Cold water chills their stomachs, stops digestion, lowers body temperature. Hogs on cold water have to turn more corn into fuel to keep them warm, make slower growth and yield smaller profits. An Ideal waterer will save this extra feed and save you time and labor chopping ice. Most modern and efficient waterer for every day service ever made.

**See This Waterer NOW!**  
It's made right. Supplies clean water with the chill off when the temperature is 40 below. Made of heavy galvanized steel in sizes to suit all needs. Special lamp heater furnished.  
Hogs and corn are real money this year. An Ideal Waterer will make you heavier hogs on less feed. Call and see them next time your in town.

## EXPORT DEMAND HELPED WHEAT MARKET

By Associated Press.

CHICAGO, Dec. 8.—Better demand helped to give the wheat market a lift today. Prices closed strong, 1 1/2c to 2 1/2c net higher with May \$1.13 1/2 to \$1.14 and July \$1.02 1/2 to \$1.03.

Corn gained; to 1 1/2c and oats to 1 1/2c.

In provisions the outcome varied from 10c decline to 40c advance.

Wheat showed strength from the start and with a gradual increase of buying prices moved up readily. New export business by the way of Gulf of Mexico was noted and special attention was given to news that British stocks of wheat totalled only 11,000,000 bushels as against 24,000,000 bushels a year ago.

Corn and oats advanced with wheat. Export demand for corn was good, and the domestic call was better than has been the case for some time.

Lard and ribs rose on scattered buying which found offerings rather light. Pork was marked down in the absence of any inquiry.

## INCREASED STRENGTH OF FOREIGN EXCHANGE

By Associated Press.

NEW YORK, Dec. 8.—A six per cent rate for money the highest quotation in several weeks and the increased strength of foreign exchanges were the outstanding features of the day in the financial market.

Stocks and bonds differed in no essentials from their recent irregular or uncertain tendencies aside from a pronounced falling off of operations in the share list.

The rise in demand loans came in the last half hour of the session and was attributed to the withdrawal of funds by local banks to meet impending obligations for federal and underwriting accounts.

Prices changed in all but the speculative stocks, were comparatively narrow. Copper, Pittsburgh Coal, Corn Products and Famous Players were among the stronger issues.

Sales amounted to 675,000 shares. Sterling demand bills rose to \$1.01 before the close of the session, an overnight gain of nearly 3 cents.

All Liberty and Victory issues closed at declines ranging from trifling recessions to about 50 per cent per \$100. The general domestic list was inclined to sag, but international strengthened on heavy buying of United Kingdom's, Japanese 4s and 1 1/2c and several of the French government and municipal issues.

Total sales (par value) \$17,350,000.

MAY SOON HAVE NEW INDUSTRY IN STATE

Predict Illinois Will Soon Be Noted For Its Cider and Apple Butter—New Apple Packing Looked to Bring It About

CHAMPAIGN, Ill., Dec. 4.—Illinois may soon be noted for its apple cider and apple butter.

Declaring that the new apple packing law passed by the last general assembly marked a big step in the progress of horticulture in Illinois, fruit growers of the state plan to take some concerted action towards marketing fruit unit for packing.

Establishment of a market for apple juice and other by-products of Illinois orchards is one of the matters to be taken up here by the Illinois state horticultural society at its annual meeting here in December.

The society is one of the oldest branches of agriculture in Illinois. It is the successor of the Northwestern Horticultural society, formed in the early "fifties." It began its activities in 1866 and in 1874 the legislature passed an act making it a public corporation. This act provided for three district societies, to be known as the northern, central and southern societies.

"The results of the activities of the society and its branches are apparent in every successful orchard and fruit garden in Illinois," said A. W. Brayton of Mount Morris, former president of the organization. "Probably no branch of agriculture has made greater advances in Illinois within the last decade than horticulture."

"The dissemination of new varieties, the knowledge of cultivation, fertilization, pruning, control of insects and fungus diseases, grading and packing and selling have been wonderfully advanced by the efforts of this society in giving the growers and general public the results obtained by practical fruit growers, and experimental workers."

"At the convention of 1920 much time was given to the preparation of a bill regulating the grading and packing of fruit in closed packages. This bill was enacted into law. It is the belief that it will do much to enhance the sale of Illinois fruits, which have heretofore been badly handicapped by irregular and even fraudulent packing."

"Three experimental stations are maintained in the state for the express purpose of testing new varieties and new methods of culture and treatment of diseases and harmful insects."

"Other experimental work will be needed along the line of working up the fruit that cannot be packed into by-products, such as apple juice and apple butter."

Officers of the association are: President, J. L. Lambert, Quincy; vice president, Allison J. Wharf, Quincy; secretary, A. M. Augustine, Normal; and treasurer, J. W. Stanton, Richview.

DR. E. A. STEINER TO SUTHER HERE TOMORROW

Dr. E. A. Steiner will lecture for the Woman's club, Saturday, Dec. 10, at 3 p. m. in the Music hall at the Illinois Woman's college. His subject, "The Mind of Europe," is one on which he is fully qualified to speak, as he is foreign born and thoroughly understands the continental point of view. Since becoming an American citizen he has become thoroughly acquainted with the American viewpoint, and the combination results in intelligent sympathy, all too often lacking in the consideration of international questions.

It is to be hoped that many will avail themselves of this opportunity to hear Dr. Steiner. Any one not a member of the club may purchase a guest ticket.

MANY ENTRIES FOR ANNUAL POULTRY SHOW

The entry list for the Morgan County Poultry show, Dec. 12 to 17, in Cherry Annex, will be long, probably reaching the 500 mark, from indications. Entries for poultry and for the corn exhibits are coming in fast.

Ribbons for first, second, third and fourth prizes, in different colors, will be placed on the prize fowls, which will make it easy for spectators to pick out the winners. The schools of the county are assisting in the promotion of the corn show.

WESTMINSTER BROTHERHOOD

The brotherhood of Westminster church will meet at 8 o'clock this evening in the church parlors. Lunch. Col. Bunton Smith will speak on "War Against War." All men of the church are urged to be present.

REBEKAHS WILL CONFER DEGREE

Jacksonville lodge No. 13 Rebekahs will confer the work on several candidates at the regular meeting this evening. Officers for the ensuing term will also be chosen.

TO OBSERVE AMERICAN EDUCATION WEEK

Rockford—(By A. P.)—Rockford's churches, schools and civic organizations will co-operate with Walter R. Craig post of the American Legion in celebrating "American Education week" Dec. 4 to 10.

Walter Welch was a New Britain visitor in the city yesterday.

WILL CONSIDER SHIPPERS ASSOCIATION

The formation of a Morgan county livestock shippers' association to direct the policies of the seven local shipping associations, will be considered at the meeting at 1 o'clock this afternoon at the farm bureau.

A large attendance of stock raisers is urged by Assistant Advisor H. J. Rucker, who is in charge of the livestock department of the bureau.

To get as much Morgan county stock to market as directly as possible is the aim of such an organization. The question of a general agitation has been up for some time.

MINOR LEAGUES WILL STAND AGAINST DRAFT

Will Hold What Protection They Have Against Raids By Major Leagues—Question Will Be Threshed Out at New York Next Week.

Buffalo, N. Y., Dec. 8.—What the minors have as a measure of protection against the raids of the majors upon their players they will hold. That was freely expressed opinion among the delegates at the close of the 21st annual meeting of the National Association of Professional Baseball Leagues here today.

No modification of the selected "player rule" was possible at the

minors convention here, because it is a part of their agreement with the majors that can be changed only at a major-minor confab. The next one of these opens in New York next week.

The only reaction from the advances of the majors and the appeal of Commissioner K. M. Landis, to organized baseball to find a way out of the woods on the draft question, therefore can be found in the known attitude of the personnel of the committee of minors named to go to the New York joint meeting. Neither President T. J. Hickey of the American association nor President W. H. McCarthy of the Pacific Coast League take kindly to the idea of letting down the bars again to the majors.

President J. Toole of the Inter-

nationals is of the same mind, but there is said to be some difference of opinion among the members of that organization and the question will be threshed out at the league's annual meeting which takes place before the major-minor conference. Secretary Farrell, the fourth member of the committee goes in an advisory capacity and is expressing no opinion.

The members of the new board of arbitration were elected at the closing session today and it was said that players listed as "reserve jumpers" as distinct from "contract jumpers" may be reinstated on application to the secretary of the national association and payment of \$200. This applies to all the players on the voluntary retired list playing

with or against clubs containing ineligible players. They must return to the clubs from which they deserted.

The association made no changes in the salary limits but in line with the recommendations of President Michael H. Sexton of Rock Island, Ill., increased the fines to be levied against clubs violating existing rules.

Louisville, Ky., won next year's convention.

Mrs. Henry Witte of Arenzville was visiting among the merchants of the city yesterday.

What does He want for Christmas?

Next to knowing what to have for dinner that will please him, comes the problem of getting him Christmas gifts that he will really appreciate.

You young women who are not yet married may not appreciate the comparison, but let me tell you that's just the same as saying that selecting "his" Christmas gifts is the second hardest thing a woman has to do.

But one lives and learns! Took me some time to make the discovery—so perhaps you'll appreciate my telling you how I save myself a lot of work and worry.

When Christmas or Birthday time comes I go straight to a men's store and ask the salesman's advice. You'll be surprised how quickly and satisfactorily you can take care of every man on your list that way. And the best of it all is that none of them ever have a chance to kid you about anything you give them either. That helps a lot.

Try my plan yourself, this Christmas. If it doesn't prove to be the best suggestion you ever had, I'll—well I'll be very much mistaken.

These Are Shirts That He Will Like

It's most natural that he should be pleased with these shirts, for they're fresh and new in just the patterns that men are wearing now. And of course there will be extra thanks for your thoughtfulness in choosing so practical a gift.

Silks.....\$3.45 to \$8.75  
Madras.....\$1.50 to \$2.50

Shall it be New Gloves?

Of course one first thinks of "Dress Gloves," but you must not forget those for driving or for work. If you're not sure about the size, there are glove certificates, you know.

Suede Gloves.....\$1.75 to \$2.50  
Capes.....\$1.39 to \$2.50  
Auto Gauntlets.....\$1.25 to \$2.50  
Work Gloves.....50c to \$1.25

Boreas is Like the Auto Laws

Calls for a muffler. And these good mufflers "cut out" a lot of winter winds that otherwise would be shooting under his coat collar. Helps keep collars clean, too. Silk, wool, etc.

\$1 and Up

Who Said Sox Are To Prosiac?

There's nothing a woman likes better than fine silk hosiery—and men aren't so different. Or possibly a couple of pairs of wool golf-hose would suit him "to a tee."

Silk Hose.....50c and 85c  
Wilson Bros. high grade imported wool hose.....\$1.00  
Silk Lisle, 3 pairs for.....\$1.00

Ties are So Easy to Give

One doesn't need to know "size" to give ties. It's simply a question of noticing which color is his favorite and making your choice accordingly.

Silk Scarfs.....50c to \$1.50  
Knitted.....50c to \$1.50

SWEATERS  
SHOES, ETC.

EVEN IF PRICE IS NO OBJECT, SURELY MODEST PRICE IS NO OBJECTION

Spending lavishly cannot offset choosing carelessly. The Christmas Spirit is one of large hearts, rather than large checks.

Taking advantage of the modest prices prevailing throughout our Christmas stocks further emphasizes your good judgment in selecting your gifts for men at a Men's Store.

If he should choose his own gifts for himself wouldn't they be useful affairs, such as shirts and ties, or the many practical things that you find at this men's store?

Choose as he would choose, WHERE he would choose and you'll be certain of a whole-hearted, sincere "Thank You" on Christmas morning. When Christmas is but a memory he will still oft be reminded of your thoughtfulness if your gift is well chosen.
